

Advanced Google Training

Welcome!

Please login to Google Classroom and join

_____.

Differentiation

- You can check out different ways to differentiate using this link:
- <http://www.controltacheive.com/2017/01/google-classroom-differentiation.html>

Extract PDF from a file.

- **FILE-PRINT-SAVE-CONVERT**
Click "**File**", "**Print**", select page you want.
- Change printer to **Microsoft Print to PDF** when you click print, it will bring up a window to save, save the document.
- You can send your email with this attachment or convert it back to pdf.

Doctopus

- **Doctopus**
- Doctopus is teacher's actual individual aide. Doctopus has so many things: a personalized feedback tool, a computer-generated copy machine for Google Drive, and best way to digitize variation.
- Enable educators to simply manage student assignments in Google Classroom.
- Users can easily add it in their Google Sheets: Add Ons → Get Add Ons → Search for Doctopus
- Once [Doctopus](#) is installed, users can effortlessly access any assignments in classroom.

Goobric

- Goobric is a Chrome Extension that enables teachers to use rubrics to automatically score or grade student work. Goobric allows for rubric-based grading of Google Drive resources (Documents, Presentations, Spreadsheets, Folders, etc.) and -- currently-- only works with resources created via the Doctopus Script for teachers - a tool for differentiating, grouping, distributing and managing student projects in google Drive.
- Goobric is the best way to effortlessly assess Google Docs task via Doctopus.
- It can be easily installed via Google Chrome.
- This extension allows Rubrics to be used in many docs, as well as enables effortless marking.
