

## Monitor the SHBP website using VisualPing

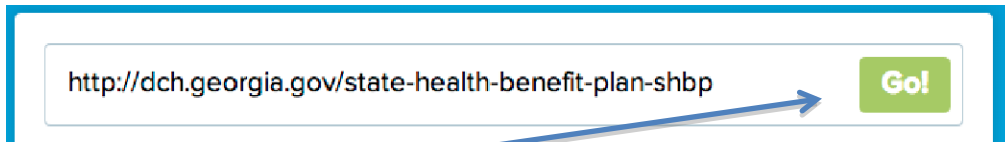

VisualPing is a new web app that allows you to use visual change detection technology to monitor websites. We are going to use it to monitor the State Health Benefit Plan Webpage.

Head over to: <http://visualping.io/>

Paste into the URL box the following:

<http://dch.georgia.gov/state-health-benefit-plan-shbp>

Press Go.

VisualPing will then scan the webpage.

SET CHECK INTERVAL

Every **Day**

CHOOSE TRIGGER

⚡ On **Tiny Change**

SEND NOTIFICATIONS TO

me@example.com

**Start Monitoring!**

Set your intervals and trigger. Then type your email address. Then click "Start Monitoring".

VisualPing will email you when a visual change is detected.
